Dorrance Publishing Co., United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Where God Put Water is a wide-ranging study of how God's Word and Earth's history intersects with scientific discoveries throughout the universe. Providing the reader with a survey of prominent scientific revelations, author Henry Chisolm compares human scientific research and discoveries with the teachings found in Scripture. He shares how there are three heavens and the heavens described within these pages do not refer to the heaven where God dwells. The connections drawn are revealing and thought-provoking, and Where God Put Water is, most of all, an opportunity to continue to see the power of God. About the Author Henry Chisolm has worked tirelessly for the communities of the Charleston area. He received a certificate from the South Carolina Senate for the work he has done for low-income families, and he is known as a biblical scholar in his own right. He attended Burke High School, which is located in the downtown area of Charleston, South Carolina. He continued his studies at Morris College in Sumter, South Carolina, and later transferred to Benedict College in Columbia, South Carolina where he studied religion and history.
