

Metatropolis: The Dawn of Uncivilization

By Jay Lake, Tobias Buckell, Elizabeth Bear

BRILLIANCE AUDIO, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Welcome to a world where big cities are dying, dead - or transformed into technological megastructures. Where once-thriving suburbs are now treacherous Wilds. Where those who live for technology battle those who would die rather than embrace it. It is a world of zero-footprint cities, virtual nations, and armed camps of eco-survivalists. METAtropolis is an intelligent and stunning creation of five of today's cutting-edge science-fiction writers: 2008 Hugo Award winners John Scalzi and Elizabeth Bear; Campbell Award winner Jay Lake; plus fan favorites Tobias Buckell and Karl Schroeder. Together they set the ground rules and developed the parameters of this shared universe, then wrote five original novellas - all linked, but each a separate tale. Bringing this audiobook to life is a dream team of performers: Battlestar Galactica's Michael Hogan (Saul Tigh); Alessandro Juliani (Felix Gaeta); and Kandyse McClure (Anastasia Dee Dualla); plus legendary audiobook narrators Scott Brick (Dune) and Stefan Rudnicki (Ender's Game). John Scalzi, who served as Project Editor, introduces each story, offering insight into how the METAtropolis team created this unique project exclusively for audio.
