## FASHION SKETCHBOOK WITH FIGURE AND BODY PARTS TEMPLATES IMAGINE (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.

This book represents a collection of templates, which significantly simplify creating of women s clothes, jewellery and footwear sketches. The templates are made in a light-grey colour for convenience, in order to be able to sketch on top of them. Some of the templates are dark-grey for copying and further personal use. Altogether there are 136 full-length female figure templates in the book (22 various trendy/catwalk poses), 40 templates of female figures from head to hips (6 various trendy/catwalk poses), over 30 templates for creating jewellery and footwear (ears, hands, legs, feet from different angles). The aim of the book is to help the designers or just fans of sketching to concentrate on creating the clothing/jewellery/footwear item itself and to be free of thinking about the proportions while drawing the body parts. It gives an opportunity to work solely on the design and modelling of the clothing items. The book consists of several parts: -a full-length female silhouette (an elongated slender version of a female figure) for designing clothes; -a female silhouette from head to hips for designing swimwear; -templates of body parts (ears, hands) for creating jewellery items; -templates of legs/feet for creating footwear items. The templates have been created in various sizes (1, 2, 3, 4 templates on a page). It is done so, as some sketches demand fine line details and some on the contrary can be quite conventional. As the templates are placed on each page of the book, it is better to use coloured pencils in process of sketching.
