CONVERGENCES AND DIVERGENCES

America Star Books, United States, 2009. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Humanity is standing at the centre of two eternities. This collection of poetry reflects a cross-road where the East meets the West; a challenging journey through the contemporary worlds of spiritual exploration in both the East and the West. It is a quest along the path to understanding the totality of a profoundly perceptive life in which love and despair, life and death, the word and silence, are recognized as relationships within one infinite whole. These poems draw meaning from the world about humanity and give testimony to the inextricably interwoven experiences of spirituality and sensuality, faith and skepticism. It is the transformation of the picture while simultaneously drawing one's own self-portrait.
