Silly Beagle Productions, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The best physics books are the ones kids will actually read. AP Physics 2 Essentials is an easy-to-read companion to the AP Physics 2 curriculum, featuring more than 450 worked-out problems with full solutions. AP Physics 2 Essentials covers all major topics of the AP Physics 2 course, including fluids, thermal physics, electrostatics, circuits, magnetism, optics, and modern physics. AP Physics 2 Essentials is integrated with the website, which includes online question and answer forums, videos, animations, and supplemental problems to help you master the essential concepts of physics. This book is designed to assist physics students in their high school AP Physics courses both as a guide throughout the course as well as a review book to assist in end-of-course exam preparation. Its focus is on providing the bare bones, essential concepts necessary for success in the course in a straightforward and easy-to-read manner, leaving development of in-depth problem solving and lab work to the classroom, where it is most effective. In short, this is not intended as a substitute for a standard textbook...
