## SUGGESTIONS FOR PARENTCRAFT EDUCATION IN SCHOOLS AND COLLEGES (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Suggestions for Parentcraft Education in Schools and Colleges As only the teacher on the spot knows the special needs, interests and ability of her own students, she is the best person to present the subject in the most effective manner, the presentation being based on what pupils have experienced and are experiencing. This textbook will be used for the gifted, the normal, the slow and the retarded, all coming from a vast variety of backgrounds. Therefore it does not attempt to rouse or hold interest by its style or by stories which might appeal to one group and not to another. It offers straightforward child care so that each teacher can use it in the way best suited to her own pupils. Teachers who already know their pupils well and are familiar with their home backgrounds will not need to spend so much time over preliminaries. But it is suggested that before direct teaching begins (and indeed through out) the teacher will make a special study of local resources and conditions as well as the needs, aptitudes, abilities and interests of her pupils. This textbook, like the textbook on any practical subject, should be used for study and reference, to accompany and follow any practical work undertaken.
