By Judy Kouzel

Amazon Publishing, United States, 2013. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Leedy Collins is a restaurant manager who has a dream of one day opening her own restaurant. The only thing missing is the bank loan. Terry Foster, a handsome loan officer, is the most exciting man Leedy has ever met. They both feel the electricity upon their first meeting, but when he declines her loan application - sparks fly. Leedy is furious. Obviously, this is an odious man who delights in destroying her dream. Terry feels for Leedy but it is his job to protect the bank from high risks. He is all too familiar with saving young women; he has raised his orphaned niece and feels compelled to save Leedy. When Leedy decides to enroll in his business management class, they are both in for the ride of their life. Leedy is looking for help in pursuing her lifelong dream of owning a restaurant, but she may end up with much more than she bargained for.

### Reviews

*This type of pdf is every little thing and helped me searching forward and more. It can be written in easy words and phrases and never hard to understand. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about should you request me).*

*Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
