Dimensions: 11.0in. x 8.5in. x 0.1in.OUR MISSION It has taken 6 years to develop Occupational and Professional Tax Deductions CheckLists. The actual content was not the difficult part. The difficult task was how to design an easy-to-read tax guide. Every tax season, for the past 25 years, clients call me with the same questions. What can I deduct I changed jobs, so what can I deduct now What papers do I need to bring you. I decided to prepare these CheckLists that would enable my clients to 1) always have a list of OccupationalProfessional specific deductions and 2) avoid multiple trips to my office. As a courtesy to new clients, we review their prior 3 years tax returns. Often, there were tax deductions that they were legally entitled to deduct but the deductions were not taken by the person who prepared the last 3 years of tax returns. Lack of knowledge regarding a taxpayers specific OccupationProfession results in missed deductions. Ultimately, I decided these CheckLists would be beneficial to all taxpayers and Tax Professionals. These CheckLists are designed as an easy-to-use guide to maximize tax refunds in the preparation of income tax returns. There are over 100 Occupational and Professional Tax Deductions CheckLists and listed next to each deduction are the documents required by IRS to substantiate the legal deduction. IRS is increasing the frequency of tax audits and this book will prepare you for a problem free and successful IRS tax audit! Major problems solved by our CheckLists are: 1) No extensive or comprehensive reading is required! Designed as a user-friendly guide to legally maximize income tax refunds whether prepared by a Tax Professional or the taxpayer. 2) Know OccupationProfession specific deductions! IRS publications and...
