

Description d'une machine nouvelle de dynamique, invent

By Joao Jacinto De Magalhaes

Gale ECCO, Print Editions. Paperback. Condition: New. This item is printed on demand. 40 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here. The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: British LibraryT032338A note on the verso of the title leaf explains: Ce cahier tant destin faire part de la collection des dernirs traits de...

Reviews

This is an incredible book that I have ever read through. It can be rally exciting through reading through time period. I discovered this publication from my i and dad recommended this pdf to find out.

-- Friedrich Lynch DDS

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
