

## Real and Complex Singularities: XI International Workshop on Real and Complex Singularities, July 26-30, 2010, Universidade De Saa Paulo, Saa Carlos, SP Brazil

By Victor Goryunov, Kevin Houston, Roberta Wik-Atique

American Mathematical Society. Paperback. Book Condition: new. BRAND NEW, Real and Complex Singularities: XI International Workshop on Real and Complex Singularities, July 26-30, 2010, Universidade De Saa Paulo, Saa Carlos, SP Brazil, Victor Goryunov, Kevin Houston, Roberta Wik-Atique, This volume is a collection of papers presented at the 11th International Workshop on Real and Complex Singularities, held July 26-30, 2010, in Sao Carlos, Brazil, in honor of David Mond's 60th birthday. This volume reflects the high level of the conference discussing the most recent results and applications of singularity theory. Articles in the first part cover pure singularity theory: invariants, classification theory, and Milnor fibres. Articles in the second part cover singularities in topology and differential geometry, as well as algebraic geometry and bifurcation theory: Artin-Greenberg function of a plane curve singularity, metric theory of singularities, symplectic singularities, cobordisms of fold maps, Goursat distributions, sections of analytic varieties, Vassiliev invariants, projections of hypersurfaces, and linearity of the Jacobian ideal.

### Reviews

*Complete guideline for publication fanatics. It is written in easy phrases rather than hard to understand. I am very happy to inform you that this is basically the finest pdf we have studied in my personal life and can be the finest pdf for at any time.*

-- **Saul Mertz**

*A high quality book and also the typeface utilized was exciting to read. This really is for anyone who states there was not a worthy of reading. I am easily will get a enjoyment of reading a written ebook.*

-- **Burnice Carter**
