

Evil (Paperback)

By Rudolf Steiner

Rudolf Steiner Press, United Kingdom, 1998. Paperback. Condition: New. Language: English . Brand New Book. This selection of lectures offers insights into the complexity of evil as a phenomenon that arises when an event or process appears outside its true context. As a result, something that is good initially may become evil because it occurs in the wrong place. Steiner tells us that this as an effect of Lucifer and Ahriman, spiritual beings who work as polar forces and hinder human evolution by opposing our appropriate development. Confronting these difficulties, however, ultimately furthers our spiritual development.

Reviews

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
