McMinn's Concise Human Anatomy, Second Edition (Paperback)

By David Heylings, Stephen W. Carmichael, Samuel John Leinster

Taylor Francis Inc, United States, 2017. Paperback. Condition: New. 2nd New edition. Language: English . Brand New Book. Focusing on the essentials, McMinn's Concise Human Anatomy is a convenient, portable guide and revision aid. The clear, jargon-free text is supported by high-quality, labelled photographs of cadaver dissections and surface anatomy, radiological images captured using the latest technologies and explanatory line diagrams, all redrawn for this edition. Providing full explanations of difficult anatomical relationships, and highlighting features of clinical significance throughout, this second edition remains an invaluable guide for students of anatomy across the medical and health sciences, and a handy reference for the busy clinician.

Reviews

This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50% of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.
