ZONDERVAN, United States, 2006. Paperback. Book Condition: New. annotated edition. 198 x 135 mm. Language: English . Brand New Book. New York Times bestseller God s Politics struck a chord with Americans disenchanted with how the Right had co-opted all talk about integrating religious values into our politics, and with the Left, who were mute on the subject. Jim Wallis argues that America s separation of church and state does not require banishing moral and religious values from the public square. God s Politics offers a vision for how to convert spiritual values into real social change and has started a grassroots movement to hold our political leaders accountable by incorporating our deepest convictions about war, poverty, racism, abortion, capital punishment, and other moral issues into our nation s public life. Who can change the political wind? Only we can.
