

THE CONTEMPORARY BAUMAN

By Edited by ANTHONY ELLIOTT

Condition: New. A volume of representative extracts from, and detailed critical assessment of, Zygmunt Bauman's recent work on his theory of liquid modernity (a term defining his view of the present condition of the world, where the individual must act, plan actions and calculate the likely gains and losses of acting under conditions of endemic uncertainty). It covers the implications for self-identity, interpersonal relationships, culture, communications and the broad-ranging institutional transformations associated with globalisation. The book also contains a spirited reply from Bauman to both his sympathetic and unsympathetic critics, in which he concludes by providing a new perspective on his theory, its differentiation from the modernity/post-modernity debate and its relation to current developments in contemporary social theory.

Reviews

This publication can be really worth a go through, and superior to other. It is amongst the most amazing publication we have go through. You wont feel monotony at anytime of your own time (that's what catalogues are for about when you request me).

-- **Ms. Elda Schaden MD**

Totally among the best publication I actually have actually go through. It can be filled with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.
