Reviews

Simply no phrases to spell out. It is probably the most remarkable pdf i have got read through. I am delighted to inform you that this is actually the greatest publication i have got read within my very own existence and can be he very best book for actually.
(Demarcus Ullrich)

WHERE SHALL I LIVE WHEN I RETIRE?: A RESOURCE FOR SINGLES AND COUPLES PLANNING THE NEXT STEP OF THEIR LIVES OR ASSISTING FAMILY MEMBERS IN FINDING CARE FACILITIES (PAPERBACK)

Route to Retirement, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Where we choose to live when we retire has an enormous impact on our life satisfaction and well-being as we age. What is suitable housing for an adult in the earlier go-go years of retirement may become totally unsuitable for a frail elder in the later no-go years. While most people express the desire to stay in their homes, to age-in-place, most do end up making one or more moves during their retirement years, often triggered by a medical crisis. The key point is that you need to have a plan. If you don't, and you have a crisis, you may have very few options, and someone else could be choosing your housing for you. This book looks at the major questions which impact your retirement housing choices - choices which can determine your life satisfaction and well-being during your retirement years. While this book is written for Boomers planning their own retirement lifestyle, it includes information that will be helpful for people assisting aging parents or family members make these decisions, especially when it comes to care needs. While we don't pick a nursing home for ourselves when we are active and vital, many Boomers are having to deal with finding care facilities or home care for their parents or other family members. The book includes numerous links to resources for home modification, evaluating senior housing options, and care facilities and other providers of services to older adults.
