HarperCollins Publishers, United Kingdom, 2002. Paperback. Condition: New. Language: English . Brand New Book. A disturbing exploration of the inevitability of life. Under Orion s stars, bluesilver visions torment Tom, Macey and Thomas as they struggle with age-old forces. Distanced from each other in time, and isolated from those they live among, they are yet inextricably bound together by the sacred power of the moon s axe and each seek their own refuge at Mow Cop. Can those they love so intensely keep them clinging to reality? Or is the future evermore destined to reflect the past?.
