Merely no words to clarify. I could comprehend almost everything using this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Prepper Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Jeff W Zimba brings the reader on a twenty-year journey through the testing and evaluation phase of America s longest serving battle rifle, now known by many names, such as the AR-15, M16, M4, 416, and many others. From the History and Development of the Modern Black Rifle (an award winning, in-depth article) to accessories and configurations the reader may have never even heard about, this book includes numerous, previously published articles focused solely on the black rifle and includes a few of the author s picks for new upgrades and systems to watch in the future. With a Foreword by legendary musician, outspoken outdoorsman, and 2nd Amendment advocate, Ted Nugent, and a Preface by a former Navy Seal of the elite Team 6 and member of the top secret team REDCELL, never before has such a compilation of articles on a single weapon system been published. Join Jeff Zimba on his journey to study (in his words) the most versatile modular weapon system ever designed.
