Reviews

It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication that I changed the way I think.

Medtale Publishing, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do you want a book with interesting and true medical stories that give you life saving medical knowledge? Symptoms and Diagnosis is that book. You don't need to be in the medical field to understand this book. It is written in plain English for everyone to learn and enjoy. You may be thinking, Why do I need this knowledge when I can simply call my doctor when I get sick? This book helps you understand what your body is trying to tell you when you are sick. When you get this knowledge, you will be better equipped to save your life. Calling the doctor won't help you when you don't understand your symptoms correctly. Doctors detect your disease based on how you explain your symptoms. You know your body better than your doctor does. When you understand what your body is trying to tell you, you can help your doctor accurately diagnose your disease. That may save your life. A life saving book does not have to be boring, expensive, or really thick. You can learn a great deal of useful medical facts by reading interesting medical stories written by experienced doctors. The twenty stories featured in this book cover most organ systems and represent the majority of common diseases and conditions that are seen in most hospitals in the United States. Each story describes how a patient felt at the onset of symptoms and connects it to what actually happened inside the organs. This book is also designed to show how your body works and what happens when you get sick. Do yourself a favor: spend a few dollars and a few hours of your time and be...
