This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Locational inquiry queries the spatial distribution of historical events: Why was mortality in early Virginia highest in a small zone along the James River? Why did cities flourish in early Pennsylvania, Massachusetts, and Carolina and not elsewhere along the Atlantic seaboard? Why was Boston the vanguard of the American Revolution? The book's first four essays, on the colonial period, reinterpret American colonization and regional development. The second four essays unravel the causes of sectional differences in the north and south during the early national and antebellum periods. The next three essays shift...
