This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

It was during that time he was introduced to the modern trading and analytical software era. Success was fleeting, so after helping a couple of clients, he went back to the regular work force - the Job. This last employment made him lie down in green pastures in order to learn a new skill. Months of honing the trading rules, developing the habits to follow them, and completing work assignments has led to the point where he can start helping...
