CAMPBELL BIOLOGY IN FOCUS, GLOBAL EDITION (PAPERBACK)**DOWNLOAD**

Pearson Education Limited, United Kingdom, 2016. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. For introductory biology course for science majors In 930 text pages, Campbell Biology in Focus, Second Edition, emphasizes the essential content, concepts, and scientific skills needed for success in the college introductory course for biology majors. Focus. Practice. Engage. Campbell Biology in Focus is the best-selling short textbook for the introductory college biology course for science majors. Every unit takes an approach to streamlining the material that best fits the needs of instructors, based on surveys, curriculum initiatives, reviews, discussions with hundreds of biology professors, careful analyses of course syllabi, and the Vision and Change in Undergraduate Biology Education report. The Second Edition builds on the Campbell hallmark standards of accuracy, clarity, and pedagogical innovation, going beyond this foundation to help students make connections visually across chapters, interpret real data from research, and synthesize their knowledge. The accompanying digital resources include new, mobile-friendly tools that help instructors teach challenging topics better than ever before; integrate the eText with videos and animations; and allow students to test, learn, and retest until they achieve mastery of the content. MasteringBiology (R) not included. Students, if MasteringBiology is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MasteringBiology should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MasteringBiology is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.
