

The Definitive Guide to Firebase: Build Android Apps on Google s Mobile Platform (Paperback)

By Laurence Moroney

aPress, United States, 2017. Paperback. Condition: New. 1st ed.. Language: English . Brand New Book. Plan how to build a better app, grow it into a business, and earn money from your hard work using Firebase. In this book, Laurence Moroney, Staff Developer Advocate at Google, takes you through each of the 15 Firebase technologies, showing you how to use them with concrete examples. You ll see how to build cross-platform apps with the three pillars of the Firebase platform: technologies to help you develop apps with a real-time database, remote configuration, cloud messaging, and more; grow your apps with user sharing, search integration, analytics, and more; and earn from your apps with in-app advertising. After reading The Definitive Guide to Firebase, you ll come away empowered to make the most of this technology that helps you build better cross-platform mobile apps using either native Android or JavaScript-based web apps and effectively deploy them in a cloud environment. What You ll Learn Use the real-time database for a codeless middleware that gives online and offline data for syncing across your users devices Master Firebase Cloud Messaging, a technology that delivers to connected devices in less than 500ms Grow your app...
