Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Is the Devil a Myth is a slightly non-classifiable work from the dawn of the 20th century dealing with demonology, the titles and function of Satan (as well as his various powers, from a protestant perspective), and fits loosely in with the moral tracts of its era against spiritualism, mesmerism, stage magic, alcohol, and other social ills. While exceptionally pessimistic about mankind s ability to directly confront what Wimberley sees as the threat of demon possession and sin, it comes replete with a literal treatment of Revelation and thus its happy ending.
