Filesize: 4.49 MB

Reviews

This sort of book is everything and taught me to seeking forward and more. This really is for those who statte there had not been a well worth reading. I found out this pdf from my i and dad advised this book to discover.

(Prof. Griffin Murphy)

GUINNESS WORLD RECORDS: SCIENCE STUFF (PAPERBACK)

Guinness World Records, 2018. Paperback. Condition: New. Language: English . Brand New Book. Guinness World Records: Science Stuff is a whirlwind tour through the astounding, record-breaking world (and universe) around us, with an intro from TV science educator and author Science Bob. Packed with spectacular superlatives, shocking stats, fantastic facts and fun figures, Science Stuff celebrates the simple joy in finding things out. It tackles the big questions that keep people up at night, such as: - Can you belch in space? - What does woolly mammoth taste like? - How much would the Death Star cost? - Is the answer to this question no? Join us as we rise from the depths of the ocean, home to vampire squids from hell, to the dizzy heights of the International Space Station, where scientists unravel the secrets of (pooping in) zero-g. On the way we stop to talk with some of the men and women who are out in the world finding answers and making stuff. Ever wanted to know what it s like to ride a motorized toilet at highway speeds, command a swarm of tiny robots or spend a year in space? Well, you ll find your answers in here. And that s not all - have a go at ten record-breaking science experiments in the special Make Break section. Our very own mad professor, Burnaby Q Orbax, and his trusty lab assistant Sweet Pepper Klopek, guide you through at-home challenges, from the greatest height to drop an egg without it breaking to the farthest distance by a Mentos and soda car. It s gonna get messy! Guinness World Records: Science Stuff - the grossest, smelliest, weirdest and noisiest guide to, well, science. and stuff.
