

The Gray Zones of Creativity and Capital (Paperback)

Filesize: 8.52 MB

Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better than never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Aliya Franecki)

Institute of Network Cultures, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What is the correlation among the creative industries, creative industry policies, new media paradigms and capitalism as colonial relations of dominance? What is the role of these industries in the prioritization of the interests of capital at the expense of those of society and how can these paradigms be criticized in the context of the actual, neoliberal, flexible regime of reproduction of capital? To what measure is this regime flexible and to what measure it is just an extension of rigid, feudal and racial logics that underline (post)modern representational discourses? To what measure do the concepts of creativity, transparency, openness and flexibility conceal the hegemonic nature of modern hierarchies of exploitation?.
