The breakthrough program for reversing and preventing aging, written by a leading medical specialist and media expert, is now available at a popular price. This could be as close to a fountain of youth as mankind will ever come, the truly scientific answer to how to reverse or prevent the debilitating effects of aging, including memory loss, weight gain, sexual dysfunction, and Alzheimers. Dr. Eric Braverman, a leading figure in the practice of brain-body health care, reveals the dramatic impact that proper brain nourishment can have on the quality of our lives. His key to longevity and well-being is balancing the brains four important neurotransmitters. A simple test determines which of the four is dominant in you, and what you can do to maintain the right balance, by modifying your diet with both foods and natural supplements. Proven effective for thousands of patients in Dr. Bravermans practice, this groundbreaking approach will help anyone make the most of his or her life, free of the major illnesses (such as cancer and heart disease) and minor ailments as well.
