Reviews

*This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 Excerpt: . kodak in popularity, accompanying the sportsman, the hunter and the traveler on every trip. Homestaying folks will make the happenings of today live forever, the familiar scenes that are dear to all being preserved, animated and true to life. The cost of a moving picture camera should not be considered high when it is remembered that enlargements are easily made from the negative, this making it practically two cameras in one. When only still pictures are wanted, the half turn of the crank gives one six exposures from which to make a selection for enlarging purposes, a decided advantage over the single ordinary negative. Fifty feet of film give one many exposures with little trouble and at small cost. Another advantage lies in the improved definition and greater speed permitted by the small lenses used. To those who are not already familiar with the moving picture camera, a comparison between the capabilities of the low-priced and the expensive outfits is offered. The former differ somewhat from those used by professional photographers in size, weight and attachments. The low-priced cameras are lighter in weight and are more easily handled, quite desirable features when the operator finds it necessary to walk, run or climb for any distance, unaided. These smaller cameras carry less film than do their big brothers, but for ordinary work this is not objectionable as the operator can carry several extra rolls of negative film quite conveniently. Professional cameras, in addition to having a large...
