Yau tweaks and twists language to express a painful comic vision in which sensual vividness combines with fierce despair. Booklist John Yau engages art criticism, social theory, and syntactical dexterity to confront the problems of aging, meaning, and identity. Insisting that True poets and artists know where language ends, which is why they go there, Yau presses against the limits of language, creating poems that are at once cryptic, playful, and insightful. Included in its entirety is his groundbreaking serial poem, Genghis Chan: Private Eye, and a new series invoking the monochromatic painter Yves Klein.
