They were written and delivered in a period of profound tranquillity; but we are now in a state which may require the exertions of every individual among the educated classes, and many may have to assist in executing, or even in originating measures for the relief of the labouring population, who are not yet sufficiently familiar with the principles according to which that relief is to be afforded. Under such circumstances, it has appeared to me that advantage might be derived from a short explanation of the ambiguities and fallacies which most obscure the subject of wages - the most difficult and the most important of all the branches of political economy.
