FOOD NETWORK MARKETING MYHEALTHFOODBUSINESS.COM

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 30 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. Food Network Marketing is a complete system of how to make money online using the most important two variables that anyone must have today to be successful. First, they must have a product that everyone must consume daily. Food fits that criteria and we have a most unique new category of food that cannot be found in your local grocery or health food stores. And, secondly, you must have a marketing system that is easy and free and can be learned in 30 seconds by anyone and then applied quickly online to find new customers and distributors. We give you such a simple yet effect system that produces people who come to you in your email to ask you for your product. No selling required. You merely take them to your web site and then let them decide to join you or not. Today, because there are no more jobs being created anywhere in the world in the numbers that are needed, an individual is far better off creating their own job online because it puts food on the table immediately. No more fruitless job interviews that cost time and money. No more wearing suits and ties, you can work online in your pajamas all day if you choose to. No more having to get in your car and suffocate on the exhaust fumes of the ten million cars that just drove ahead of you, spraying you in the face with toxic fumes. No more having to listen to a boss who is dumb as a post. You become your own boss and achieve financial freedom very quickly if you follow our formula. The formula presented here for online business...
