WHAT YOU NEED TO KNOW AND HAVE TO END POVERTY: HUNAN CAPACITY DEVELOPMENT (FINANCIAL HEALTH) (PAPERBACK)

University of Swaziland, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.How would it be if we all were taught in the homes, churches, schools, and at workplaces that the real important part of our productive existence is the use of our minds (the brain and the spirit in man)? And if this use of the mind was related to and controlled by our purpose for living how different our existence would be. For a long time humanity has talked about business and entrepreneurship in abstract terms with much confusion. People have been left wondering and guessing how real wealth and money is created. Everyone has given his views citing real estate, stocks, businesses, internet, etc. as means to financial independence. Is that true? As a result of this confusion, the school systems have produced employees, people who live to earn rather than true wealth creators people who have lives that earns. The truth has been proved over and over in that those who failed to be confused by the school systems of the world have actually made it into the natural and simple schools of life and have blessed mankind with their inventions and innovations. This observation alone should make us realize that there is something not right with our current approach in educating people for a productive life. Poverty has plugged mankind for millennia with little progress to end it. This book unmasks all the mysteries about how to make money legally, how to spend it wisely, and how to save it intelligently. It provides true financial literacy and financial intelligence in simple terms for all people. What a world we would all live in if all of us were to know how wealth is truly created. All crime and...
