Many believe the price we paid to end the Greatest War was too high. For thirty years, humanity has lived within Endless Metaverse, the perfect massively multiplayer simulation. A New Challenger appears on the scene: Fresh from the early nineties, sixteen-year-old arcade champ Raine Townsend is forcibly drawn into the Metaverse while embarking on a world record attempt. With support from the realms' wizardly Developers as well as her global armies of conscripted slaves, she has no intention of retiring. When the Metaverse becomes a deathtrap, Raine's courage, wit, and skills will be put to the ultimate test. With the survival of the human race hanging...
