Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Visions and Vignettes of War During a period of two years spent almost entirely with the fighting troops in France, and a further nine months in hospital, one has Visions: certain aspects of truth grip the mind. These I have written down. But they are not clear-cut pictures, they are only vignettes. They will not appeal to him who wants his religion in a nutshell; I hold religion to be a much bigger thing than that neither will he who wishes for a cast-iron certainty have much use for them I do not myself believe that the spiritual can ever become so tangible: neither will they satisfy one who wants his thinking done for him and theories worked out to their logical conclusion, for in these days of desolation I doubt whether any such thing is possible or even desirable.
