Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Lights! Camera! Action! Life seems so simple in those black white movies I watch-girl meets boy, they roll around on the beach a bit, then they walk off into the sunset. But my life isn't like that. I've fallen in love with billionaire Hollywood Producer Archer Williams. And I've been blackmailed into betraying him. I just had to steal one little bit of footage. Do it, and they'd wipe my slate clean-no more debt; the nude photos would disappear. The only problem is, his abs have more ridges than the Hollywood Hills, and he's got the most amazing, ocean blue eyes. I tried to steal from him, but instead we ended up sleeping together. And now there's a sex tape to add to my problems as well! Talk about raw footage. I have to betray him-there's no other way out. Hollywood endings don't happen in real life, do they? Billionaire Blackmail is a standalone romance with a happy ending. But be warned: this book is so hot it will have you fanning yourself (and re-thinking those old black and white movies!). It contains sizzling scenes which are for adults only. Read it only if you enjoy sexy, steamy reads with intelligent heroines, dashing billionaire heroes, fun movie references and good old-fashioned, over-the-top Hollywood endings!.
