The whole of that morning my mind had been dwelling on the hereditary principle, and it seemed to me something of a coincidence when, looking up, my eyes fell on a huge sign painted up against the front of one of the houses in the main street. This notice announced that this was the place of business of Monsieur Theophile So-and-So, pork-butcher, who, so it continued, kills pigs in the same satisfactory way as his grandfather used to do (tue les cochons comme son grandpere) and makes black puddings as good as his father s (fait les boudins comme son pere).
