Periplus Editions/Berkeley Books Pte Ltd, Singapore, 2004. Paperback. Book Condition: New. 2nd. 198 x 132 mm. Language: English . Brand New Book. This is a travel sized and easy to use Malay phrasebook, dictionary, and beginning Malay language book Bahasa Malaysia (literally the Malaysian language) is based on Malay which is the mother tongue of the Malays of the Peninsula and the people of central eastern Sumatra. Malay is closely related to languages throughout Indonesia, the Philippines and the Pacific Islands, and it has been for centuries the lingua franca of Southeast Asia. The lessons in this book are prioritized, with more important words and phrases being given first, so that you may profit no matter how deeply into the book you go. By studying the first section only, you acquire a basic survival Bahasa Malaysia, and by mastering the first three sections you should be able to get around quite well on your own. Care has been taken to include only vocabulary that has immediate practical application for visitors. By repetition and memorization of the materials, you will quickly gain a grasp of the language's basic elements. At the end of the book you will also find additional information on the use of verb and noun affixes, and further suggestions to learn Malay. Everyday Malay includes:...
