Vintage Publishing, United Kingdom, 1993. Paperback. Condition: New. Language: English . Brand New Book. When his first album was released in 1967, Leonard Cohen was already well known in his native Canada as a poet and novelist, and in the United States as the writer behind Judy Collins' hugely popular recording of Suzanne . With the success of the first and through the release of ten more albums, Cohen gained a reputation as a highly literate and daring songwriter. Over the years his status as a cult artist has grown, and in 1988 the release of his album *I'm Your Man* put Cohen back into the mainstream spotlight. Later, *The Future* brought him renewed, widespread acclaim and this collection will include lyrics from that album, together with many of his famous classics, such as *Suzanne* , *Joan of Arc* and *The Chelsea Hotel* . *Stranger Music* brings together Cohen's song lyrics and a generous selection of his poetry (originally published between 1956-1992). It is a long overdue celebration of Leonard Cohen's extraordinary gift for language that speaks with rare clarity, passion and timelessness.
