Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Building for the Children in the South By the American system of education, I mean not one kind of schools exclusively, but all good schooling that has been found valuable in our country. The American system of education means, first and foremost, the free common school for all children, supported by public taxation, administered by experts who are chosen by the people (in public education, as in government, the final court of appeal in this Republic); the free secondary, normal, technical, and higher education, held as a matter of undoubted public right, to be exercised in every State according to a high educational expediency, of which the people are the final judge, both elementary and superior public schools being kept as near the people in their local capacity as is consistent with efficient administration: even State supervision being confined to things that are general and essential, and national aid invited only at the most critical points, with the sole purpose to stimulate local effort, with no assumption of national supervision or control. Of course, public...
