Christians and Evolution: Christian Scholars Change Their Mind

By -

Lion Hudson Plc, United Kingdom, 2014. Paperback. Book Condition: New. 1st New edition. 196 x 128 mm. Language: English . Brand New Book. The debate surrounding creation and evolution divides Christians, particularly evangelicals. It has been a stumbling block for young Christians and a point of contention for the new Atheists. Professor R. J. Berry assembles a wide range of distinguished contributors, all convinced, committed and orthodox Christian believers, each of whom has undertaken a conceptual journey, based on sound science and careful theology, from a creationist position to one in which God's creation and the processes of evolution are properly and credibly integrated. Christians and Evolution is a luminous volume that offers a pathway for doubters, sceptics and conservative Christians to embrace the overall scientific consensus of the evolutionary approach, while holding solidly and without reservation to the doctrines of God's creation and God's omnipotence. This text is a must-read for anyone interested in the creation v evolution debate.
