Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Many people find themselves toying with the idea of getting a pet and decide to set their sights on a cat. The cat might be for themselves, for a loved one, a friend, or for children. For those who have never owned a cat before, this can be quite a tricky venture. Buying a cat is not as simple as pointing your finger at a cat in the store and saying that you want that one. Unfortunately many people adopt this method of getting a cat and later find that the cat does not fit into their lifestyle for a variety of reasons. This is why a certain amount of research needs to be done before you decide on what kind of cat that you want and if you want to start out with a kitten or an adult cat. By reading this book you will be provided with the questions that you need to ask yourself in order to decide on what cat is right for you. Not all cats are the same. Different breeds of cats mean different physical features, different personality, traits and different behaviors. If you are gone from home quite a bit, you don t want to get a cat that craves its owners attention all of the time. On the flip side, if you are looking for a cat that you can snuggle up to while watching television, you don t want to pick out a cat just to find that they couldn t care less about being lovey dopey with you. This book will help you to find just the right fit so that both you and your cat are happy.
