

## Oxford Handbook of Ophthalmology

By -

Oxford University Press, United Kingdom, 2014. Part-work (fasciculo). Condition: New. 3rd Revised edition. Language: English . Brand New Book. Fully revised for its third edition, the Oxford Handbook of Ophthalmology is a concise, systematic guide to all aspects of diagnosis, assessment, and ongoing management of ophthalmic diseases and conditions. Closely aligned with the curriculum for the ophthalmic postgraduate exams, and containing the most up-to-date clinical guidance, and practical advice, this is the essential resource for all those caring for ophthalmic patients. Covering the key information for both trainees and specialists; from clinical methods and the use of ophthalmic instruments, to basic perioperative care and advanced life support protocols. It includes new chapters covering laser procedures and theatre notes, as well as new sections on emerging technologies such as adaptive optics and gene therapy for retinal diseases. With expert advice, the latest clinical guidance, and its easy-reference format, this unique resource provides immediate access to the information you need, when you need it.

### Reviews

*Extremely helpful to all category of individuals. I have got go through and that i am confident that i will likely to read through once again again later on. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Nikita Herzog**

*Simply no terms to explain. I am quite late in start reading this one, but better then never. Its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.*

-- **Prof. Jedediah Kuhic DVM**
