## DELACROIX: LOUVRE DRAWING GALLERY 5

5 Continents. 1 Paperback(s), 2004. soft. Book Condition: New. Eugène Delacroix (17981863) drew incessantly throughout his life. The importance he attached to this aspect of his work is born out by the thousands of sheets that were dispersed after his death many of which were collected by Étienne Moreau-Nélaton and presented to the Louvre. The 55 works here include simple pencil sketches, ink washes, and watercolor studies. This book is part of a series exploring the vast collection of master drawings in the Louvre images by great artists that reveal their draftsmanship and, often, the processes that led to the creation of some of their most renowned works. Reproduced in color plates, the drawings here are catalogued and described in detail, and the book includes an introduction and chronology. 94.
