MORRISTOWN ALTERNATIVE TRANSPORTATION STUDY- PHASE II

This report summarizes the Phase II planning effort conducted by the park and the US Department of Transportation's Volpe Center (the Volpe Center) to articulate a viable park-community pilot transit service for Morristown National Historical Park. Morristown National Historical Park consists of four separate units that played important roles during the Revolutionary War—Washington's Headquarters, Fort Nonsense, Jockey Hollow Encampment Area, and New Jersey Brigade Encampment. The combination of one-way roads, heavy traffic, and complicated intersections makes travel between the four units difficult, confusing, and even dangerous for out-of-town visitors. In coordination with the park, the Volpe Center designed and facilitated a park-community planning charrette where park staff and stakeholders within the community discussed and proposed alternative pilot shuttle service routes. These routes were then analyzed and evaluated, and a recommended pilot transit service route was articulated. The report concludes with next steps for advancing the recommended pilot transit service to implementation. This item ships from La Vergne, TN. Paperback.
