Reviews

It is one of my favorite books. Sure, it is actually engaging, nonetheless an interesting and amazing literature. I am happy to let you know that this is basically the finest book I have got to study inside my very own existence and might be the finest publication for ever.
(Randal Reinger)

COMMUNITY LANGUAGES: THE AUSTRALIAN EXPERIENCE (PAPERBACK)

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2003. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Without even considering the 150 Aboriginal languages still spoken, Australia has an unparalleled mix of languages other than English in common usage, languages often described by the term community . Drawing on census data and other statistics, this book addresses the current situation of community languages in Australia, analysing which are spoken, by whom, and whereabouts. It focuses on three main issues: how languages other than English are maintained in an English speaking environment, how the structure of the languages themselves changes over time, and how the government has responded to such ethnolinguistic diversity. At a time of unprecedented awareness of these languages within society and a realisation of the importance of multilingualism in business, this book makes a significant contribution to understanding the role of community languages in shaping the future of Australian society.
