The Problem of Bullying in Schools 3 work, and name-calling. In the United States, several other school behaviors (some of which are illegal) are recognized as forms of bullying, such as: sexual harassment (e. g. , repeated exhibitionism, voyeurism, sexual propositioning, and sexual abuse involving unwanted physical contact); ostracism based on perceived sexual orientation; and hazing (e. g. , upper-level high school athletes imposing painfully embarrassing initiation rituals on their new 5 freshmen teammates). Not all taunting, teasing and fighting among schoolchildren 6 constitutes bullying. Two persons of approximately the same strength (physical or psychological) . . . fighting or quarreling is not bullying. Rather, bullying entails repeated acts by someone perceived as physically or psychologically more powerful. Related Problems Bullying in schools shares some similarities to the related problems listed below, each of which requires its own analysis and response. This guide does not directly address these problems: bullying of teachers by students bullying among inmates in juvenile detention facilities bullying as a means of gaining and retaining youth gang members and compelling them to commit crimes.
