

Oncogenes in B-Cell Neoplasia: Workshop at the National Cancer Institute, National Institutes of Health, Bethesda, MD, USA, March 5-7, 1984

Filesize: 5.55 MB

Reviews

Totally among the finest pdf We have possibly read through. It usually fails to price a lot of. I discovered this book from my i and dad suggested this pdf to learn.

(Michale Beier I)

ONCOGENES IN B-CELL NEOPLASIA: WORKSHOP AT THE NATIONAL CANCER INSTITUTE, NATIONAL INSTITUTES OF HEALTH, BETHESDA, MD, USA, MARCH 5 7, 1984

[DOWNLOAD](#)

Springer. Paperback. Condition: New. 268 pages. Dimensions: 9.8in. x 6.7in. x 0.8in. Michael Potter, Fritz Melchers, Martin Weigert The second workshop on Mechanisms of B Cell Neoplasia was held in Bethesda, Maryland in Wilson Hall at the National Institutes of Health on March 5, 6, and 7, 1984. It followed a workshop on the same topic that was held at the Basel Institute for Immunology, March 15-17, 1983. That first meeting attempted to bring together cell biologists, experimental pathologists and molecular geneticists interested in B cells, to discuss pathogenetic processes in the development and maintenance of the neoplastic state. The impetus for this discussion emanated from two important developments: first, the discovery of the viral promoter insertion mechanism for activating the myc oncogene in bursal lymphomatosis by Hayward, Neil, and Astrin; second, the findings that the non-random chromosomal translocations involving the immunoglobulin gene chromosomes occurred in very high frequencies in murine plasmacytomas and human Burkitt's lymphomas. During the planning stages of that meeting Shen-Ong et al. discovered that non-random translocations activated the myc oncogene. Promoter insertions and non-random translocations were two mechanisms that caused transcription of the myc oncogene messages in three different kinds of well defined experimental and clinical B cell tumors. Unregulated myc gene transcription provided the first evidence of a specific biochemical lesion in B cell neoplasia. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
