Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I was telling my sister, Betsy, a story about our Dad one morning and she said, Ralph, I wish you d write a story about that. As time passed and the stories continued, she would more frequently say, I wish you d put that story on paper. Betsy kept after me, and I eventually started writing. The stories seemed to be well accepted, so I put them into a bound 200 page manuscript and gave them to family members and a few friends as Christmas gifts. This eventually led to my first published book, Russia: A Personal Odyssey. Friends and family members continued to encourage me and it led to this book, Oleralf s Musings, a compilation of stories that I ve written over the past couple of years, mostly about my own experiences of stuff that just happens. It is my desire that they bring a smile to your face or even a LOL for the humorous ones, and maybe a tear will trickle down your cheek as you read some of the more poignant ones. oleralf.
