Self-Realization Fellowship Publishers, 2015. Paperback. Condition: New. Language: Estonian . Brand New Book ***** Print on Demand *****. Albert Einstein once declared: Science without religion is lame, and religion without science is blind. In *The Science of Religion* Paramahansa Yogananda (author of the acclaimed spiritual classic *Autobiography of a Yogi*) reveals why the answers to the ultimate questions of both science and religion do not lie in scholarly research or blind belief, but in direct personal experience of a higher Reality that underlies and sustains all life. With compelling logic, he explores the relative effectiveness of various approaches to this goal - from traditional intellectual and religious disciplines to metaphysical practices that lead beyond the conscious and subconscious mind to a superconscious awareness. Stripping away the cloaks of dogma and doctrine, he redefines religion on a basis at once universal and intensely personal.
