Alvie's recovery was spurred by learning to use a word processor. By writing his life's story, Alvie and his son had a platform for re-discovering life as an enriching experience. The coexisting experiences became therapeutic for both. Readers will be amused by the father-son interactions, taking them from the early 1900s to the early 2000s. Topics include family, work, failures, and successes, spanning associated historical events such as the Santa Claus Bank Robbery and the 1918 Influenza Pandemic. Alvie, the son of a sharecropper, shared his work experiences including Fred Harvey employment, being a bank auditor, and a Railway Mail clerk.
