That s why we have cleverly disguised the cover of this Internet password organizer by writing Password Logbook in Pig Latin ! Sneaky, huh? So, by using this book, your vital information will be handy when you need it but it will remain a total secret . go ahead, leave it out, right next to your computer. Nobody will ever figure it out! Come to think of it, it would probably be better to file this organizational tool in a place that nobody else would look for it . like under S for secret or P for Pig Latin. Although the code on the cover is ridiculously easy to break, this book is still an incredibly useful tool that can help you avoid the frustration of searching your desk for the scraps of paper scrawled with various passwords or go through the multi-step lost password sequences found on most password protected sites. So, have some fun while you get more efficient . pick up a copy of asswordpay ogbooklay today. And buy some copies for your friends, too! hanktay ouyay erylav uchmay!
